

# *Scala 3 Migration Guide*

A continuously evolving guide to support the  
migration to Scala 3

# *Goal*

Make the migration happens

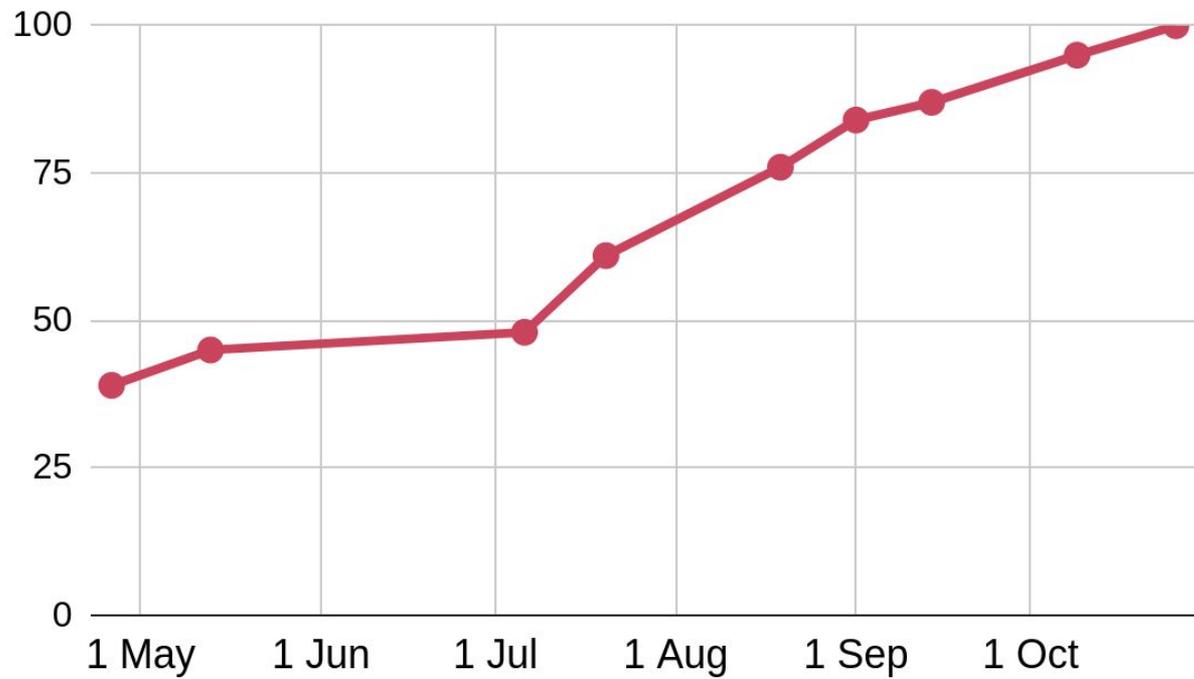

## *Objectives*

- Motivate the migration
- Share the knowledge by centralizing and organizing it
- Give confidence by providing high-quality tutorials

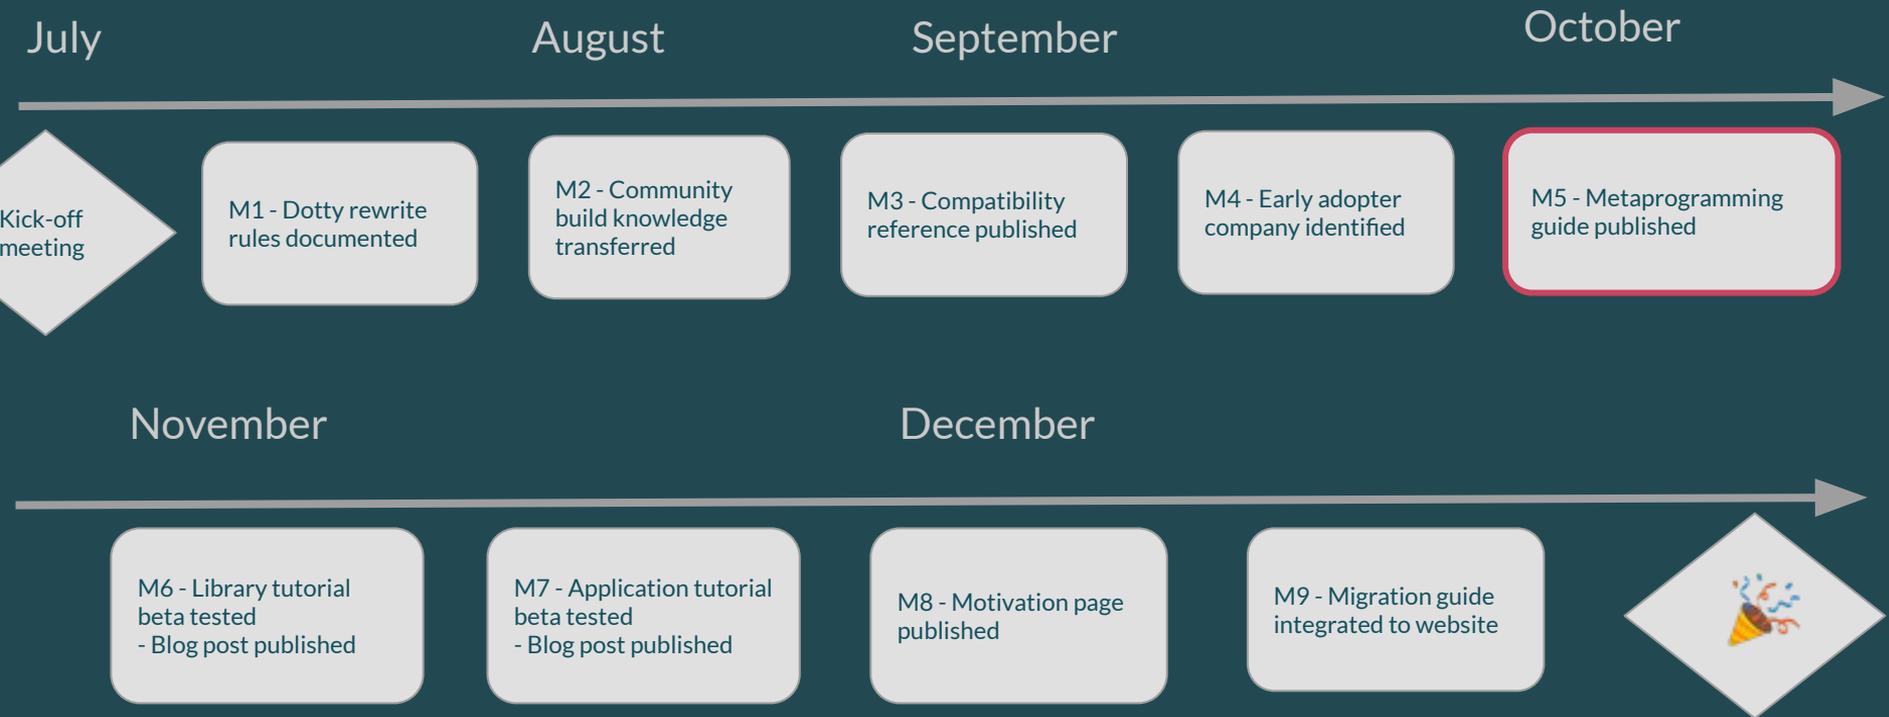

## *Target people*

- Library authors
  - Application owners
-

## Scala 3 libraries

# Roadmap

# *The core team*

Project leader:  
Adrien

Coordinator:  
Darja

## Main contributors:

Eric Loots  
from Lunatech

Meriam and Jamie  
from the Scala Center

## Technical experts:

Nicolas and Anatoli  
from LAMP

Sébastien

sbt

Scala 2.13

Scalafix

*Migration  
Guide*

*Scala 3.0*

*Scala 3 Macro  
Tutorial*

# *Repository*

- Reproduce the incompatibilities
- Test the tooling:
  - migration rewrites
  - scalafix rules
- Host the examples given in the tutorials

# *Website*

- Compatibility Reference
- Tour of the Migration Tools
- Scala 3 Migration Mode
- Incompatibility Table
- List of Macro Libraries
- Porting a Macro Library

# *Quick Tour*

# *Coming soon*

- Migration with sbt 1.4.x
- Comparison table of the compiler options
- Tasty Reader compatible features
- Alternatives to macro annotations
- Porting a Compiler Plugin

# Help us

- Read the [Scala 3 Migration Guide](#)
- Give us your feedback ([Scala Contributors](#))
- Make suggestions ([Github](#))
  - What is missing?
  - What could be improved?
- Undertake the Migration:
  - Report incompatibilities
  - Report unported macros
  - Report issues
